This insurance policy does not have a cash value. **We** will adjust, replace or repair the **Equipment** during the **Period of Cover** in case **Your Equipment** suffers any **Accidental Damage*** or **Breakdown**, during the **Period of Cover**. * **Note: Accidental Damage to TV's will only be covered if it is mentioned on Your Certificate of Insurance.**

We validate all policies to ensure that **Our** customers have, and receive, the appropriate levels of protection. To do this, **We** may request evidence proving that the insured **Item** is in full working order. If **We** have requested this and do not receive it prior to a claim being made, **We** may consider the fault, or damage, to have been pre-existing and reject the claim.

You are obliged to inform us of any material fact that affects the risks we insure. If you are in any doubt whether a fact is material, you should disclose it.

The consideration of **Your** claim may be delayed pending receipt of the requested information.

Please note, You can only make a claim under this policy if all due Premiums are paid and the date on which You are making the claim falls between the Start Date and end date of Your policy. At the point of making a claim, the remaining **Premium** balance, for the year, becomes due. In certain cases, **We** may request for further evidence to support **Your** claim. This may include but not limited to proof of ownership, identity and residence as well as photographic evidence to investigate the damage.

TECHNICAL SUPPORT

In the first instance **We** will try to resolve the issues **You** are having with **Your Equipment** through **Our** helpline. **Our** trained technical support team will be able to run basic diagnostics in order to try to have **Your** system up and running straight away.

If **We** are unable to resolve the matter over the phone, **We** will send an engineer to **You** to repair **Your Equipment**. **You** must always use **Our** approved engineer. When **We** are unable to provide an engineer, **We** may agree for **You** to arrange an engineer to repair the fault. In such unlikely cases, **You** will need to pay for the repair which **We** will reimburse **You** within 5-10 working days from the date **We** receive and validate the invoice. Please note, in such cases, prior to any work being undertaken by **Your** engineer (s)he must contact **Our** technical helpline for an authorisation code. **Without this the invoice will not be accepted.** **Our** engineers are available for call outs 9am to 7pm Monday to Friday, and 10am – 5pm Saturday and Sunday excluding UK public holidays.
